EXPERTISE / YACHTING

DFN is specialized in tailor-made outdoor furniture

Our skill in managing projects, from design to installation, that conjugate aesthetics and performance makes us the ideal partner for the development of nautical projects.

In the following pages you will find some of our recent works. In particular for **Isa Yacht MY Resilience 65** and **MY Columbus Sport 50**, we handled the **engineering, production and installation** of a series of outdoor furniture elements crafted from a combination of materials including stainless steel, teak and marble as well as special coatings. This **variety of materials**, along with **extending and lifting mechanisms** gives a **sophisticated touch** to our furniture.

The **DFN engineering team** worked closely with the **shipyard design** office to provide the most suitable solutions aligned with the stylistic concept desired by the designer. A work that required specific competencies that DFN holds and with which is able to bring **ambitious projects to life**.

DFN è specializzata in arredamento outdoor su misura

La nostra capacità di seguire i progetti dal design all'installazione che coniugano estetica e performance ci rende il partner ideale per lo sviluppo di progetti in ambito nautico.

In queste pagine trovate alcuni lavori che abbiamo di recente realizzato.

Per il **MY Resilience 65 di Isa yacht** e il **MY Columbus Sport 50**, in particolare, ci siamo occupati della **ingegnerizzazione produzione e installazione** di una serie di elementi di arredo per esterno che utilizzano e combinano tra loro diversi materiali tra cui: acciaio inox, teak e marmo oltre che l'utilizzo di verniciature speciali. Questa **varietà di materiali**, uniti alla presenza di **meccanismi di allungamento e sollevamento** rendono questi arredi **particolarmente sofisticati**.

Il **team tecnico di DFN** ha lavorato a stretto contatto con l'**ufficio stile del cantiere navale** per fornire le soluzioni più adeguate al concept stilistico desiderato dal designer. Un lavoro che ha richiesto competenze specifiche che DFN possiede e con cui è in grado di **dare vita a progetti ambiziosi**.
